

YEAR ROUND WHITE, YELLOW & RED ONIONS

CURRY & COMPANY

Favorites!

www.curryandco.com 503-393-6033 Brooks, OR

It started as a solution for a customer.

We were challenged to develop a vertically integrated premium white, red and yellow onion program. "Curry & Co. Favorites" was immediately born.

Each variety receives our:

Premium Quality • Trademark "Reliably Direct™" Service
Attractive Customized Packaging and Colorful PLU labels

Plus! Maximize your onion category with our Category Maximizer Program™

Our Premium Red program offers you a red onion packed with flavor, gorgeous color and consistent shape and size. The majority of our red onions from September-April are the Redwing variety which is known for its single center. Single center red onions are a bit of a rarity, creating steady demand for our reds during the length of the season. Your red displays 'pop' when you use Premium Curry & Co. 'Favorites' red onions.

AVAILABILITY: Year Round
(Redwing - September-April)

PACKAGING:

Retail Bags: 2#, 3#, 5#, 10#
High graphic labels available

Many people take their yellow onion category for granted, it's a maintenance item with little 'romantic appeal.' We beg to differ...well okay, you caught us... but when you have a display of consistent color, and size, it can differentiate you from your competitor down the road. Take a look at our Premium Yellows, ask us for photos and you'll quickly see the 'Favorite's' difference from Curry & Co.

We hate to break this down to basics, but a Premium White program simply means that you have WHITE onions. Not tinges of dirty yellow, not green highlights or green blush, simply WHITE with nice, smooth skin. The key to a great white onion is a combination of soil and weather, and our premium white onion sites are highly sought after. *WARNING. Although they are bright white, we don't include sunglasses in each box.*
